WEBSITE CONTENT GUIDE

What to send so your TikTok finds look their best on your website, and where each item appears.

The essentials, for each product:

1. TikTok Shop link
2. Product name
3. Product photo
4. One-line description

Everything else in this guide is optional or only needed once. The last page is a worksheet to fill in.

1 · WELCOME

HOW YOUR SITE WORKS

Your website, **bea**, is a catalog of the products you feature on TikTok. Visitors browse your finds, watch your videos, and tap **View on TikTok** to buy. All payments, shipping and returns happen on TikTok Shop, so the website never handles orders or money.

What we need from you

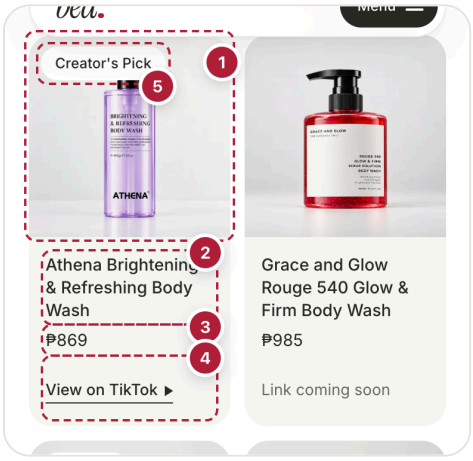

1. **For each product:** TikTok Shop link, product name, product photo, one-line description, category, and the price in pesos (optional).
2. **For each TikTok video you want on the site:** the video link, a short caption and a cover image.
3. **Once:** a photo of you, a few sentences about you, and your pick for “Find of the month”.

2 · WHERE YOUR INFORMATION APPEARS

SEE IT ON THE SITE

Each number matches an item you send us. Screens are from the phone view, where most visitors will see your site.

1. **Product photo**
2. **Product name**
3. **Price in pesos**
4. **View on TikTok**: opens your TikTok Shop link
5. **Badge** (optional), e.g. “Creator’s Pick” or “New find”

Product popup — opens when a visitor taps a product

2. **Product name**
3. **Price in pesos**, always labelled “final price on TikTok”
4. **View on TikTok** button: your TikTok Shop link
6. **Extra photos** (optional), shown as thumbnails
7. **Category**
8. **One-line description**

3 · FOR EVERY PRODUCT

WHAT TO SEND PER PRODUCT

The first five are required; the rest make the page richer.

WHAT TO SEND	NEEDED?	EXAMPLE	TIPS
TikTok Shop link	Required	`https://vt.tiktok.com/ZSxxxxxx/`	Copy it exactly. Don't shorten or edit it; the end of the link tracks your commission.
Product name	Required	Athena Brightening & Refreshing Body Wash	Same name as on TikTok Shop.
Product photo	Required	`athena-body-wash.jpg`	Square, clean background. See the photo guide.
One-line description	Required	A clear lavender body wash made with niacinamide, vitamin C and collagen.	One sentence. Describe it; don't promise results.
Category	Required	Beauty	Home, Kitchen, Beauty, Wellness, Tech or Style. We can add more.
Price in pesos	Optional	869	Numbers only. Leave blank to show "Check price on TikTok".
Top Pick?	Optional	Yes, #1	Top Picks appear first on the homepage. 4 to 8 works best.
Badge	Optional	Creator's Pick	A short label on the photo. Only true labels.
Extra photos	Optional	`athena-texture.jpg`	Close-ups, texture, in use. Shown as thumbnails.
Video that shows it	Optional	Link to your TikTok video	Adds a "From my TikTok" link in the popup.

How to copy your TikTok Shop link

1. In the TikTok app, open the product from your **Showcase** or your affiliate product list.
2. Tap **Share**, then **Copy link**.
3. Paste it into the worksheet exactly as copied. It usually starts with `https://vt.tiktok.com/` or `https://www.tiktok.com/view/product/`.

Tip: before sending, paste the link into a browser and check it opens the right product.

4 · FOR EVERY TIKTOK VIDEO

WHAT TO SEND PER VIDEO

Pick the videos that show your products. Visitors can play them right on the page.

WHAT TO SEND	NEEDED?	EXAMPLE	TIPS
Video link	Required	`https://www.tiktok.com/@minaaaaaaaa001/video/7301234567890123456`	The full link with “/video/” and a long number lets it play on the site.
Caption	Required	My go-to body wash this month	Short, like a TikTok caption.
Cover image	Required	`athena-review.jpg`	Vertical (tall). A screenshot of the video’s cover is fine.
Product in the video	Optional	Athena Brightening & Refreshing Body Wash	Links the video to that product.

Getting the full video link: open the video on TikTok in a computer browser and copy the address bar. Links from the app’s Share button (starting with vt.tiktok.com) also work, but they open TikTok instead of playing on the site.

5 · PHOTO GUIDE

PHOTOS THAT LOOK PREMIUM

Sharp, well-lit photos make the biggest difference. Send the original files, not screenshots of photos and not photos sent through Messenger (they get compressed).

PHOTO	SHAPE	SIZE (AT LEAST)	WHAT MAKES IT WORK
Product	Square	1200 × 1200 px	Light grey or white background, product centred with space around it, no text or stickers.
Top banner	Wide	2400 × 1350 px	Main subject in the middle: phones show the centre of the photo.
About photo	Tall (4:5)	1600 × 2000 px	You, or your space and products. Natural light.
Find of the month	Tall (4:5)	1600 × 2000 px	The product being used or styled at home.
Video cover	Tall (9:16)	1080 × 1920 px	A screenshot of the video's cover frame.
Link preview	Wide	1200 × 630 px	Shows when the site link is shared on Messenger or Facebook.

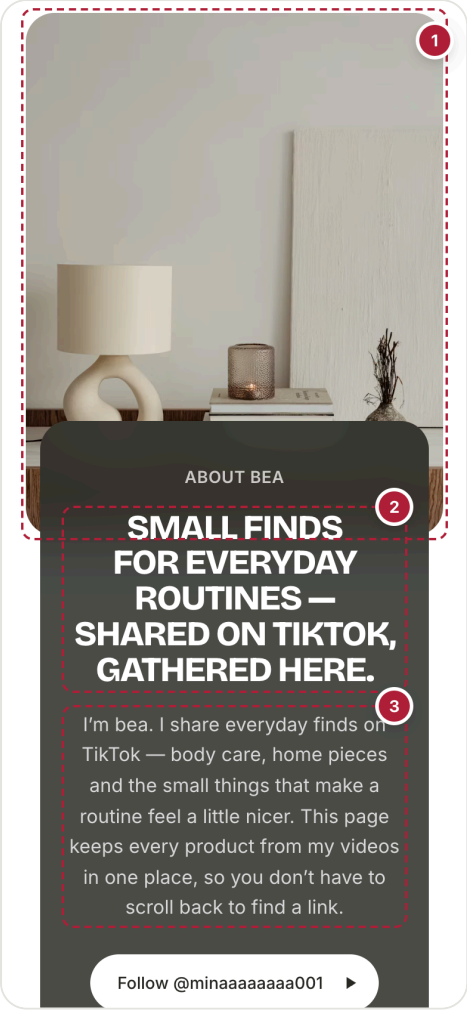

Keep the subject in the centre. On phones the top banner shows only the middle of the photo, as in this example.

File names: lowercase letters and dashes, e.g. `glow-serum.jpg`, not "Glow Serum (1).JPG". JPG or WebP is best; keep each file under about 1 MB.

6 · ABOUT YOU · SEND ONCE

YOUR DETAILS

These are already on the site. Tick what's correct and send anything that should change.

- [ ] TikTok handle: **@minaaaaaaaa001**
- [ ] TikTok profile: `https://www.tiktok.com/@minaaaaaaaa001`
- [ ] WhatsApp: **+63 968 618 5349**
- [ ] Viber: **+63 968 618 5349**
- [ ] Business email: **beamiguel825@gmail.com**
- [ ] About text: 2 to 3 sentences about you and what you share, in your own words
- [ ] About photo: you, or your space
- [ ] Find of the month: which product, a lifestyle photo of it, and 2 sentences on why you picked it
- [ ] Top banner photo: only if you want to replace the current one

1. **About photo**
2. **Headline**: one line that sums up your page
3. **Your intro**, 2 to 3 sentences

Your phone number and email will be visible to anyone visiting the site. Tell us if you'd rather show only one of them.

7 · KEEP IT HONEST AND SAFE

THE RULES

These protect your commissions and keep the site within TikTok's and advertising rules.

DO	DON'T
Send affiliate links exactly as TikTok gives them	Edit or shorten links: you can lose your commission
Use real prices, and update them on payday and sale days	Add made-up discounts, "was / now" prices, reviews or sales counts
Describe the product: ingredients, scent, texture, how you use it	Promise results such as "cures acne", "anti-acne" or "whitening"
Write "TikTok" as a word, as the site already does	Use the TikTok logo (it needs TikTok's permission)
Turn on **Disclose commercial content** on your affiliate TikTok videos	Hide that you earn a commission

The site already says "final price on TikTok" next to every price and "Affiliate link" next to every buy button.

OPTIONAL · MAKING SMALL CHANGES YOURSELF

Updating a price or link on GitHub

You never have to touch the website files; sending the worksheet is enough. To update something yourself later:

1. Sign in to GitHub and open the project **AngeloMig/brochure-shop**.
2. Open **src → data → products.ts**, click the pencil icon, change the text between the quote marks (a link or a price), then click **Commit changes**.
3. To add photos, open **public → images → products**, choose **Add file → Upload files**, then **Commit changes**.
4. The site updates itself in about 1 to 2 minutes at `angelomig.github.io/brochure-shop`.

If something looks wrong after a change, tell us; every change can be undone.

8 · WORKSHEET

FILL IN AND SEND BACK

Fill in one row per product (copy it into a Google Sheet if easier). Share the photos in a Google Drive folder, named to match the photo column. Row 1 is an example.
